About Us

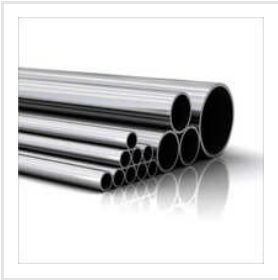

We, Maa Ambey Tube Company are popular for manufacturing excellent quality pipes, tubes, sheets and many other products, and providing them to customers across the Indian subcontinent. We have set high-quality standards in markets by making available an excellent range of Spiral Welded Pipe, GC Sheet, Mild Steel Pipes And Tubes, and more items. All our products are made using premium-grade raw material, which is responsible for their good strength, durability, and rust-proof surfaces. An excellent range is supplied by us at the leading prices in the markets.

For more than 14 years, we have been in the business and proved our capabilities as a manufacturer and trader. One of the most significant factors responsible for our proficiency is our sound infrastructure. It is equipped with the latest technology machines and modern tools. The infrastructure of our company has various sections like manufacturing, quality auditing, and packing. All the units are handled by highly skilled employees. Availability of excellent manpower is another important factor responsible for our success.
